

FIERCE BATTLE MAY BE RAGING TODAY.

SANGUINARY REPORTS FROM SULLIVAN, INDIANA.

Shelburn Strikers Make a Night Attack—Four of the Mob Reported Killed—Rumored Plot to Blow Militia Camp Up With Dynamite—Ohio Miners Threaten Trouble.

SULLIVAN, Ind., June 5.—Reports from the Farmersburg mines say that a heavy battle has been going on since early this morning. Many are said to have been killed. Reports are not all support-d, and few believe them fully.

INDIANAPOLIS, Ind., June 5.—A telephone message from Shelburn says the troops have been fired on under cover of the night. Communication is bad and it is only known that four of the strikers were killed in the return volley. Brig.-Gen. McKee sent a call for the second galling gun, the first being at Cannelburg. Shortly after midnight a special train was secured, and the rest of the Indiana light artillery under command of Capt. Curtis, speaker of the last house, was started over the Vandavia via Terre Haute for the scene of the outbreak.

Rush dispatches from the governor were sent to seven different military companies to prepare to march at any hour. Orders for more militia may be sent out as soon as full particulars of the outbreak at Shelburn are received. It is feared some of the militia have been injured or perhaps killed. There are eight companies there now, counting the two that came up from Cannelburg. This would give McKee about 400 men. Opposed to them must be nearly 2,000 desperate strikers. A man from Shelburn who left there at 5 o'clock yesterday says the strikers were firing anvils all afternoon to attract the men from the hills for miles around. At sundown he thought 1,500 would probably represent the number at Shelburn. At that hour it was not thought any such thing as an attack on the militia was contemplated.

PLOT TO BLOW UP TROOPS.

Dynamite Placed in an Old Mine Under the Camp—Attack on a Train.

SHELBERN, Ind., June 5.—A plot has been reported to Brig.-Gen. McKee to blow up the camp of the militia with dynamite. The story is that the soldiers have camped over an old mine long since worked out, the existence of which was known only to the miners. The underground cavern where it is reported the dynamite was to be exploded is 75 feet down and a tremendous charge would have been necessary to cause any injury to the militia. When the news reached the commanding officers the camp was moved 100 yards. Four pounds of dynamite were placed on the track of the Evansville & Terre Haute railroad yesterday by striking miners. This was at a point a few miles south of Farmersburg, between this station and Shelburn, the first of the mining towns of the road. By good fortune the dynamite did not explode. The train bearing the militia moved out from Sullivan at 3 o'clock and proceeded to Shelburn. It preceded the coal train and pulled on the sidetrack at Shelburn to allow the other train to pass along.

At the trestlework just north of the road running along the station the speed was slackened materially for fear that the timbers might have been weakened. Hardly a mile had been traversed when the report of a shot from an anvil was heard in the distance. It was an alarm to fellow miners in the distance that a train carrying coal was approaching. The militia train moved rapidly forward and drew to a standstill directly in the rear of the coal train. An investigation showed the reason for the alarm. Across the rails for a distance of fifty feet heavy timbers were stretched in all possible ways. In ambush in the heavy grass and thickly studded timber was a body of 200 miners. It was their purpose to capture the coal train. The disembarkment of the troops immediately began and Gen. McKee ordered the troops to endeavor to surround the miners, but the maneuver failed, as the miners scattered in all directions. The wreckage on the track was removed and the coal train was sent on.

The engine that has been hauling the militia on the Evansville & Terre Haute road started for Terre Haute last night to get coal and water. When the train reached the Alum cave switch the miners suddenly appeared on all sides. They were armed, and pointing their weapons at the cab ordered the engineer and fireman to run the engine and coal on the switch. They did so and carried about two miles, when they were allowed to return with the engine to the main track. On their way back they found that the miners had set a trestle on fire, but the engine passed through the flames in safety. The militia arrested four of the ringleaders and got possession of the coal.

ATTEMPT TO BREAK THE STRIKE.

Pittsburg Operators Will Employ Non-Union Men—Bloodshed Expected.

PITTSBURG, Pa., June 5.—At a secret meeting of Pittsburg district coal operators in the Monongahela house yesterday it was decided to make an at-

tempt to break the strike to-morrow morning. Five mines on the Youghiogheny river are to be started by new men from West Virginia. They are negroes and are now on their way here. When they arrive bloodshed is expected, as the strikers are watching all trains. It was decided at the meeting to pay 65 cents per ton to the new men. This is 14 cents less than the price the strikers want and much higher than the rate paid in West Virginia. A strong guard will be placed around the company's property and strikers will not be allowed to see the new men. Every miner in the district is armed and waiting for them. When they appear the shooting will begin.

SCOTTSDALE, Pa., June 5.—The negroes brought into the coke regions within the last few days by the Rainey company are now leaving. The cause assigned is that they can not stand the heavy work. The operators were expecting large gains yesterday from the ranks of the strikers, but not a union man reported for duty.

OHIO STRIKERS UGLY.

Gov. McKinley Urged to Order Out the Troops to Protect Property.

MASSILLON, Ohio, June 5.—Passenger trains are running as usual on the Cleveland, Lorain & Wheeling railroad, but no attempt has been made to move the trains loaded with West Virginia coal. The strikers are still in an ugly mood and threaten trouble. The Massillon district miners continue orderly. They belong to the intelligent class and deprecate lawlessness. The local relief committee has received \$10 contributed by Gov. McKinley.

COLUMBUS, Ohio, June 5.—Gov. McKinley yesterday received a telegram from W. G. Ward, sheriff of Lawrence county, dated Ironton, asking that militia be sent there. The governor was in consultation with Adj.-Gen. Howe relative to the situation. The Norfolk & Western has already placed a heavy guard at the danger points along its tracks, and sheriffs of the various counties through which it passes are appointing deputies to cooperate with the company's guards.

PEACE AT CRIPPLE CREEK.

Strikers and Mine Owners Agree Upon a Settlement.

DENVER, Colo., June 5.—The strike at Cripple Creek has been settled. Late last night the conference between Gov. Waite, J. J. Hagerman and David H. Moffatt arrived at an agreement which is satisfactory to all parties. The articles of agreement provide that the miners shall work eight hours a day with twenty minutes for luncheon, that they be paid at the rate of \$3 a day and that the mine owners, in employing men, shall not discriminate against either union or non-union miners.

At the conclusion of the conference Gov. Waite issued a proclamation calling on all people in El Paso county who were forcibly holding the property of others and who were bearing arms in violation of law to deliver up such property and to lay down their arms. The entire state militia is called upon to go to Cripple Creek, El Paso county, and assist the sheriff in restoring order.

RIOTING CEASES AT CANNELBURG.

Governor Thinks the Trouble Is Over and Withdraws Most of the Troops.

INDIANAPOLIS, Ind., May 5.—At the governor's office it is learned that the authorities believe all further danger at Cannelburg is over. The Terre Haute and Brazil companies have left Cannelburg. Adjutant-General Robbins sent a message asking if he could return with the Indianapolis, Anderson and Greencastle companies, but Maj. DeFrees of the United States army, in command of the Indiana legion at this point, says he will leave them there until the sign of trouble is over.

WASHINGTON, Ind., June 5.—Everything is peaceful in this city and Cannelburg and no further trouble is expected from the miners here, although some are trying to create a force sufficient to drive the two small companies of militia away from Cannelburg and again intercept the coal train.

Uncle Sam Is Quick.

COAL CITY, Ill., June 5.—Owing to the numerous acts of lawlessness committed by the anarchistic Italians, Hungarians, and Poles of this and surrounding towns during the last few days the Santa Fe railroad tracks from Lorenzo station to Streator are patrolled by armed United States deputy marshals. The patrol is to be extended to Toluca. Within forty-eight hours the reds have made no less than half a dozen attempts to burn railway bridges on this and other roads running through here. Many attempts have been made to wreck trains by placing rocks and other obstructions on the tracks.

Strikers Serve Notice by Fire.

JOLIET, Ill., June 5.—A culvert across a swamp near Carbon hill, on the Joliet & Eastern railroad, in Grundy county, was burned by striking miners Sunday morning. Trains were delayed and a wreck train was sent down to build a new culvert. The burning of the culvert was intended, it is believed, as a reminder of what was to come if the road did not stop helping other roads.

KANKAKEE, Ill., June 5.—It looks as if the state authorities expected trouble in this vicinity, as Col. Bayle arrived from Springfield yesterday to arrange for a home for the new militia

IN THE SENATE NET BIG FISH STRUGGLE.

SUGAR SCHEDULE DICTATED BY CARLISLE.

Evidence Before Committee—Testimony of Senator Mills and McPherson and Representative Warner Finally Made Public—Democrats Uneasy Over the Disclosure.

WASHINGTON, June 5.—Secretary Carlisle and Senators Mills and McPherson are the alleged biggest fish so far dragged into the net spread by the senate investigating committee. Their testimony, which was heard in secret, was given to the public yesterday. Mr. Mills denied all knowledge of the reported secret interview of Secretary Carlisle on the sugar question, and said that he and Senator Jones and Senator Vest had prepared the sugar schedule as first reported, and he knew nothing of any memorandum for the schedule from the secretary. He also denied all knowledge of the alleged Sunday conference of the finance committee with those interested in securing sugar legislation. He said he had never heard of members of the sugar trust being in the capitol while he was acting as a member of the finance committee and that he had never met any of the members of the trust. The letter of introduction was merely a formal note containing two or three lines. He declined to see Mr. Havemeyer. Senator Mills also denied any knowledge of contributions to the democratic campaign committee.

Secretary Carlisle's statement as it appears in the published testimony was not materially different from that given to the press officially the day after he was before the committee, but some points are presented in greater detail. His memory does not correspond with that of Senator Jones as to the time and place that was asked to put the sugar schedule into shape. Mr. Carlisle stated that Mr. Jones had requested him to have the sugar schedule prepared on the morning of Saturday, May 5, and had come to his house for that purpose and had handed him a memorandum stating what he wanted done. He had agreed to do this, as the service was one that the treasury department was in the habit of rendering the members of the finance committee. After he went to his office he dictated the schedule providing for the ad valorem duty of 40 per cent and the additional of 1/4 of 1 per cent on sugars above No. 10 Dutch standard. At 2 o'clock that day he went to the capitol in response to a telephone message requesting his presence, taking the sugar schedule which he had put in shape with him. He found Senators Jones, Vest and McPherson and Representative Breckinridge in the room of the senate committee on appropriations, and Senator Gorman afterward came in.

Senator McPherson's testimony is devoted largely to an explanation of stock purchases and the method of conducting them. He said that he had agreed with the finance committee as to the sugar schedule. "I did not," he said, "favor the sugar schedule presented, and I did have some over that," but he added that he had never said anything about the democratic party's being under obligations to members of the sugar trust. He said that if his counsel had been taken the Wilson bill would have been accepted by the senate committee without amendment. He believed in free sugar if it could be made free and a sufficient amount of revenue secured. Nevertheless, he had offered sugar amendments in committee, providing for a specific duty of 1 cent per pound on sugar testing 80 degrees and a gradual increase of about one mill additional for each degree for refined sugar. He said he had never come in contact with any of the sugar refiners except Mr. Searies, who had called on him in his house and remonstrated against the schedule he had presented in committee. He repeated that he never knew of any obligations to the sugar trust, but said he had heard the statement made that the sugar refiners were in the habit of giving the democratic side a small contribution and the republicans a large one.

Closely questioned by Senator Allen of Nebraska, Senator McPherson stated that it was in the favor of the sugar trust to put up or down the price of its stock, and he knew this before his son bought the stock. He also knew that putting a tariff on sugar would tend to increase the value of the stock. He did not think it right to speculate in the stocks affected by legislation and had never done so.

Colorado Trains Are Running.

DENVER, Colo., June 5.—The Denver & Rio Grande railroad was opened for traffic in the Arkansas valley above Pueblo to-day. The Gulf main line south is reopened and the trains are running to a point near Boulder. The South Park to Leadville will be opened up to-night, but the Colorado Central is still blocked.

Terrific Wind Strikes Tacoma.

TACOMA, Wash., June 5.—A terrific windstorm has occurred here, wrecking a score of houses and business blocks, and burying half a dozen persons under the debris. The yachting sloop Constance, with four persons aboard, is supposed to have been capsized off Puget Sound by the violence of the wind.

SUGAR SCHEDULE PASSED TODAY.

SENATE DEMOCRATS CARRY THEIR POINT.

Every Amendment Which they Offer is Adopted While All Propositions Made by Republicans Are Defeated—Populists Stand By Grover—Hill Refuses to Vote.

WASHINGTON, June 5.—The sugar schedule passes. The senate has been voting on it all day. All democratic amendments have been carried, and every republican amendment defeated, the populists voting with the democrats and Hill not voting. The tariff bill entire will be passed by the senate three weeks from to-day. The vote on sugar was the result of an agreement made just before the senate adjourned last evening. During the day a series of conferences was held on both sides, and the agreement was consummated with the democrats to stop the debate on the bounty paragraph at 1 o'clock and finish the schedule during the session. The fight on sugar, however, will be renewed when the bill is reported to the senate.

DEBATE IN THE SENATE.

Tariff on Sugar Causes Bitter Words Yesterday.

WASHINGTON, June 5.—Yesterday the tariff bill was taken up in the senate, the sugar schedule being pending. Senator Vest took the floor and made a short explanation concerning the controverted point in last Saturday's debate as to the existence of the sugar trust in 1890. Senators Aldrich and Sherman had contended that the present trust was not in existence and that its stock was not listed on the New York stock board. Senator Vest produced authorities to show that 8,926,000 shares of the stock of the Sugar Refining company were sold on the market in New York in 1890, which at \$100 per share represented over \$800,000,000. He had as much right to insinuate that the sugar trust dictated the sugar schedule in the McKinley bill as senators on the other side had to impugn the action of the majority in the present congress.

Mr. Allison (rep., Iowa) followed Mr. Vest with an elaborate speech on the sugar schedule. It was, he said, by far the most important provision of the bill. It afforded one-third of the revenue produced by the bill. Mr. Allison declared that, according to numerous authorities, sugar could be refined cheaper here than in Germany and some other European countries. The schedule practically would prohibit the importation of refined sugars. It was not a schedule for protection but for prohibition.

Mr. Jones (dem., Ark.) followed. He denied that the McKinley bill had given the people one ounce of free sugar. By imposing a duty of six-tenths of a cent on refined sugar it had taxed the people \$23,000,000, all of which went into the pockets of the refiners. Besides \$15,000,000 had to be paid out of the treasury in the form of sugar bounties, so that the total sugar tax on the people of the United States amounted to \$38,000,000, of which not one dollar had gone into the Federal treasury. The duty which it was proposed to impose by this bill, he said, would cost the people about \$30,000,000, of which \$36,000,000 would go into the treasury, \$6,000,000 to the planters in the form of protection, and \$5,000,000 to the refiners. The refiners would get but one-fourth of what they got under the present law.

Mr. Hoar (Rep. Mass.) said the democratic party had betrayed New England by striking down their industries in order to build up those of the south.

Mr. Platt (Rep. Conn.) denounced in bitter and caustic words what he called the surrender of the democratic majority to the sugar trust.

After making arrangements for a vote to-day the senate went into executive session and a few minutes later adjourned.

IN THE HOUSE.

Vote on the State Bank Measure to Be Taken To-morrow.

WASHINGTON, June 5.—The galleries of the house were unusually well filled yesterday, and on the floor there was a goodly array of occupied desks during the early part of the day. As the afternoon wore on the attendance thinned out and when adjournment came there was not a half hundred members on the floor. The Brawley state bank bill was discussed by Representatives Dalzell (rep., Pa.) and Rayner (dem., Md.) for the opposition and by Representatives Cobb (dem., Ala.) and Oates (dem., Ala.) both in favor of it, and then the house agreed to a senate joint resolution appropriating \$10,000 to defray the expense of the sugar investigating committee.

The final vote on the state bank question will be taken at 4 o'clock to-morrow afternoon. A rule was drawn by the rules committee providing for a continuance of general debate Tuesday, debate under a five-minute rule Wednesday, and a vote at 4 o'clock. The rule will be presented to the house to-day, and there is little doubt of its adoption.

Grover Not Re-elected.

ATHENS, Ohio, June 4.—Gen. Charles H. Grosvenor (rep.) was to-day renominated by acclamation by the Eleventh district convention.

THINKS 100 HAVE PERISHED.

Frightful Effects of the Floods in the Fraser River Valley.

VANCOUVER, B. C., June 5.—Four million dollars will hardly cover the present loss by the Fraser river flood, and there is yet no sign of abatement. One prominent railroad official thinks the loss of life will reach 100, although conservative estimates are not so high. Bridges, trestles, tunnels and tracking on the Canadian Pacific have gone, and the company has over 2,000 men at scenes of danger working night and day. From Prevelstoke to the sea 380 miles along the railway is now a watery waste. The last point above Vancouver which can now be reached is Ruby Creek, eighty-two miles distant. Beyond all is water. Masqui, Mission, Chilliwack, Hatzie and Langley are all under water, not a building left standing. Fully 10,000 cattle have perished.

Republicans Carry Oregon.

PORTLAND, Ore., June 5.—The most exciting election in the history of the state took place yesterday. Lord (rep.), for governor, is undoubtedly elected by a large plurality. The entire republican state ticket is probably elected, with the possible exception of Irwin, for superintendent of schools. The legislature will be very close and the populists may hold the balance of power in the senate, though the republicans claim they will have a majority in both houses. According to returns received up to 10:30 o'clock, Lord's (rep.) plurality for governor will not fall short of 5,000 and may reach 10,000.

Elected to the Illinois Supreme Court.

QUINCY, Ill., June 5.—Returns received here up to 1 o'clock this morning show that Joseph N. Carter (rep.) is elected to the Supreme bench from this district by 4,000 majority. Adams county gives Carter 400 majority; Brown, 100; Cass, 300; Fulton, 500; Hancock, 500; McDonough, 700; Morgan, 800; Pike, 800. Menard gives 100 for Bonney. Returns from Mason, Scott and Schuyler counties are meager.

Commoners Plead for Purity.

LONDON, June 4.—A circular signed by 150 members of the house of commons has been sent to the editors of prominent daily newspapers throughout the United Kingdom asking them to cease demoralizing the people by reporting sensational cases of immorality or brutality and in other ways appealing to the sensual nature of man.

May Have Been Hanged.

DURANT, Miss., June 5.—Ready Murdoch, charged with having assaulted a young woman at Yazoo City, was brought here Saturday and placed in jail to keep him from being hanged by a mob. Yesterday morning the jail was surrounded and he was taken back to the scene of his crime. The opinion is that he was hanged between this place and Yazoo City.

Fatal Storm in Texas.

ST. LOUIS, Mo., June 5.—Advices from Tuxpan, Mexico, state that a terrific wind-storm passed over the village of Yahualica, about seventy miles back in the country, one day last week, destroying a number of store buildings and killing ten persons and wounding fifteen others.

Didn't Know It Was Loaded.

LONDON, June 5.—A party of excursionists near Tralee, County Kerry, Ireland, yesterday picked up an old shell near an artillery camp and began rolling it along the ground. The shell exploded and killed three of the party and wounded several others.

Masked Men Rob a Detained Train.

MISSOULA, Mont., June 5.—Two masked men entered a train detained at Thompson Falls at 3:45 o'clock yesterday morning and held up the passengers, securing about \$150, and making good their escape. It is not thought they will be captured.

William Walter Phelps Ill.

ENGLEWOOD, N. J., June 5.—Judge William Walter Phelps, ex-minister to Germany, is seriously ill at his home at Tea Neck. Dr. Currie, who is in attendance, refused to give definite information in regard to Mr. Phelps' illness, but admits that it is very serious.

Fast Express Train Ditched.

BATTLE CREEK, Mich., June 5.—The fast express was ditched yesterday near the Advance shops, on the Michigan Central. Engineer Porter and Fireman Pierce jumped, and narrowly escaped death. None of the passengers was injured.

Work Generally Resumed at Pana.

PANA, Ill., June 5.—Fully 350 men are at work in the different mines. It is evident that the strike at Pana is a thing of the past unless strong outside influence is again brought to bear.

Sheriff Calls for Troops.

SPRINGFIELD, Ill., June 5.—Gov. Altgeld received a second telegram from Sheriff Dowell of Williamson county at 6 o'clock yesterday asking for aid. To this dispatch the governor replied at 8:40: "How many deputies did you have at Cartersville, and what acts of violence, if any, occurred? Sent you thirty guns and 1,000 pounds of ammunition which should reach you to-night."

Admiral Erben to Entertain.

LONDON, June 5.—Admiral Erben of the United States cruiser Chicago will entertain his personal friends and many of the army and naval officers and their fair relations on board the American ship on June 11.

SEVEN YEARS EACH FOR TWO BAD MEN.

THOMAS AND WILLIAMS SENTENCED AT WAUKESHA.

Saturday of Last Week They Held Up Andrew Hossler, Shot Him and Got Away With All His Cash—Their Victim Nearly Killed by Their Violence.

WAUKESHA, Wis., June 5.—George Thomas and George Williams, the men who robbed and nearly killed Andrew Hossler, of Brookfield, last Saturday afternoon, were arraigned before the circuit court today. No defense was made and a sentence of seven years in Waupun was pronounced on each.

TO SETTLE STRIKES.

Kiefer's Bill Provides for a Board of Arbitration.

WASHINGTON, June 5.—A plan for adjusting labor differences through a national board of arbitration has been formulated by Representative Kiefer of Minnesota. The bill provides for the appointment by the President of three commissioners of arbitration. The commissioner of labor is made ex-officio a member of the board. The governor of a state in which a labor controversy occurs is also a member. The board of arbitration thus consists of five members. In order to secure the offices of the board application is first made to the governor, the form of application being set forth in the bill. The application may be made by employers or employees. In the latter case it must be in behalf of at least fifty employees of an organization having 1,000 members through the country. If the governor is satisfied that a conflict exists which can not be amicably settled, he applies to the national board of arbitration to take charge of the question. The board assembles in the state capitol, hears evidence and arbitrates the difference in the usual manner. Its decisions are made as binding as those of a federal court of law. Provision is also made for enforcing the decision of arbitration. Pending the hearing of the board the governor is clothed with powers to preserve the peace and suppress a strike.

ROBBERS WRECK A TRAIN.

Engine Goes Over a High Embankment—Several Persons Hurt.

ST. LOUIS, Mo., June 5.—A dispatch from Columbia, Ill., says the Mobile & Ohio railroad passenger train No. 5, which left here at 8:35 p. m. yesterday, was derailed at Fisher's lake, near Columbia. The accident was caused by a spreading rail. The whole train left the track and had it gone over the high embankment a heavy loss of life would have resulted. The engineer and fireman are reported fatally hurt and many others injured. All kinds of rumors were afloat in East St. Louis, as the train was the same one which suffered several attacks at Forest Lawn at the hands of robbers. Several men were arrested after the accident at East Carondelet, Ill., as the authorities there had good grounds to believe that the train had not only been held up but that the villains had caused the wreck. Chief Walsh of East St. Louis detailed four officers to go to Columbia, which is about twenty-three miles distant, to work on the affair and the men went to the scene on a special engine.

Men Killed by the Strikers.

WHEELING, W. Va., June 5.—At 6 o'clock last evening while miners were leaving their work at Powellton, in the Kanawha valley, unknown persons fired a volley of fifty shots into their midst, killing four of their number. The names of the men who were killed are unobtainable. Sheriff Hinman and a posse left at once for the scene of the trouble and nothing further is reported up to midnight. The men were undoubtedly killed by strikers, who had been threatening them for several days.

Iowa Miners Returning to Work.

OTTUMWA, Iowa, June 5.—The backbone of the coal mine's strike in Iowa is broken. A courier's special from Hiteam, one of the largest mining camps in southern Iowa, says that the men there are going to work. The strikers here are crestfallen and it is believed the middle of the week will see every mine in the vicinity running.

PAVING TO BE DONE BY JOHN MARTIN.

MAIN AND RIVER STREET CON-
TRACTS LET.

Oshkosh Man Gets Both—New Pest House to Be Built at Once—Fifield Brothers Furnish City Lumber—School Board Wants \$18,000 For Next Year.

John Martin, of Oshkosh, was awarded the contract for paving South Main street and South River street, his bid being the lowest—86 cents per square yard for grading and paving, and 52 cents per lineal foot for the curbing. Fifield & Brothers were awarded the lumber and cedar post contract, and Schaller & McKee the contract for the tile pipe. The council did considerable business of interest to the public. Plans and specifications for a commodious pest house, to be erected on the site of the old building near Sharon street, was approved, and the special committee was directed to proceed at once to build. A new fire alarm box was ordered to be erected on McKee boulevard, near the Hall furniture factory. There was a full board present at the meeting last night. The first business after the reading of the journal was the consideration of the South Main street and South River street paving bids, which were opened and read by the clerk as follows:

Janesville Labor to Be Employed.

The bids were referred to the highway, street and bridge committee, and, after a short recess, the committee reported in favor of awarding the contract of paving both Main and River streets in accordance with specifications, to John Martin of Oshkosh, he agreeing to employ Janesville labor, and also to give a bond in the sum of \$1,000 in each contract. The mayor appointed Sutton Norris and Edward Rathem to superintend the work on the part of the city.

Fifield Brothers were awarded the contract to furnish the lumber for city use, their bid being for common lumber at \$14.50 per thousand, 12, 14, and 16 feet long, and \$1 per thousand feet extra for every two feet in length over 16 feet; No. 1 cedar posts, 7 feet long, cut in 6 inch blocks, the blocks to average 6 inches in diameter, at 19 cents a post. Schaller & McKee were the only other bidders for posts and lumber, their bid being \$15 for lumber and 20 cents for posts.

The tile contract was awarded to Schaller and McKee. Their bid was 8 inch pipe, 16 cents per foot; 10 inch, 25 cents; 12 inch, 30 cents; 15 inch 40 cents and 18 cents 60 cents.

Health Officer Robinson's monthly report showed four cases of scarlet fever during May and one of diphtheria, there being no fatal cases.

South River street property owners petitioned for the removal of the drinking fountain near Dodge street, to some other locality, claiming it a nuisance in its present location. The fire and water committee was instructed to investigate the matter and use their judgment in removing it.

The May report of the board of education was ordered published and the quarterly report of the chief of fire department was referred to the fire and water committee. The saloon license of L. Kath was on petition transferred to James Ennis. A petition of property owners on South River street, asking another change of grade on that portion of the street to be paved, was laid on the table, the petition not being in form.

The grade of South Main street was approved and placed on file. A petition from residents of the Second and Third wards, asking that an electric light be placed at Milton and St. Mary's avenues, was referred to the gas light committee.

School Board Wants \$18,000.

A communication from the school board asking that the sum of \$18,000 be raised by tax the present year for school purposes, was approved.

Alderman Winslow of the park committee stated that the committee had hired Ed. Gillispie for six months, at \$40 a month, to take care of the city parks.

On motion of Alderman Sutherland John Kane was given the use of a portion of North First street while building. The same privilege was granted to J. M. Bostwick, on South Main street, and to Ed. Shumacker on Jefferson street. Orders were adopted as follows:

By Alderman Winslow—To repair Jackson street, from Court to South Second; repair St. Lawrence place; repair the Fourth ward fountain; cross walk across Bluff street north side of South Third street.

By Alderman Baines—Directing the mayor to borrow \$1,000 for the general fund; directing that an order, payable from South Main street grading fund, in favor of J. W. Ryan, for \$284.83: for plank sidewalk across

Maple court, east side of Madison street.

By Alderman Child—For fire alarm box on McKee boulevard; directing the mayor to borrow \$3,000 for thirty days, the same to be placed in the fire and water fund.

COMMENCEMENT CONCERT.

Arion Lady Quartette, of Chicago, Assisted by Miss Lucia B. Griffin.

The commencement concert for the High school this year will be as fine as money can procure. The Arion Lady Quartette, of Chicago, assisted by Miss Lucia B. Griffin, the famous entertainer, has been secured for the concert June 14th. The people of Janesville look forward to this annual event with considerable expectation. They will have their highest hopes realized in the talent that has been secured. The Arion Lady quartette appeared in the lecture course at Beloit last winter. They received words of praise without stint from all who heard them. The Free Press at that time contained the following:

"A full house greeted the Arion Quartette as the four young ladies stepped into the platform to give the opening number of last night's programme. To say that their singing was delightful is small praise. Combine pretty faces, rich cultured voices, charming manners, careful rendering, with a wealth of expression, and it suggests them, only suggests them. The audience was charmed with their singing—indeed any audience must be—as was evinced by the encores that followed each number. One rarely hears such music. The concert as a whole was without fault. Many were the expressions as the audience came out that the concert was one of the best that had been heard in Beloit for many years."

Miss Lucia B. Griffin will need no word of commendation in Janesville. Those who heard the wonderful little entertainer a few months ago are very anxious for her reappearance, and those who did not hear her then will certainly not miss this opportunity of hearing her. A few days ago Robert J. Burdette, the great humorist, gave the following description of Miss Griffin:

"Miss Lucia B. Griffin is one of the brightest, most attractive and popular entertainers now before the public. Her talents have a wide and varied range. She is confined to no set programme, no single line of work, so that before the evening is through she manages to delight everyone in the audience, even the sour old critic who attends an entertainment only for the purpose of finding fault and demanding his money back. She is ready with her pen as she is with her voice, and when other authors' sketches do not suit her she writes her own. Wherever she appears she is a favorite and all her triumphs she has won by her own merit. I bespeak for her a cordial welcome from all her new audiences. The old ones are always ready with congratulations and greetings."

"ROBERT J. BURDETTE."

Miss Griffin is not an elocutionist or a reader. She is an entertainer and she is a great success in her chosen line.

Purchase your tickets of the high school pupils. Reserved seats may be obtained Monday, June 11th, at 12:30 at King & Skelly's.

BIG KING'S DAUGHTERS SOCIAL
AT MILTON.

Two Scarlet Fever Cases in Center—Magnolia Creamery Handling 7000 Pounds of Milk a Day—C. C. Howard Has Cows That Beat the Record—Brief County News.

MILTON, June 5.—The annual festival of the King's Daughters on Thursday evening was a magnificent success in every respect. The attendance was large and included a goodly number who rarely if ever attend evening entertainments. Milton Junction citizens evidenced their good will and generosity by being present in force. The church was handsomely decorated with plants in bloom, beautiful screens and festoons and drapery of white and yellow. The booths were charmingly and artistically draped in white and gold and were veritable bowers of beauty. The lawn in front was illuminated by incandescent headlights, kindly furnished by General Manager Earling of the St. Paul Company. Photographer Burdick secured some interior views of the booths and decorations for which there will be a large demand. Instrumental music was furnished by Misses Dunn, Maxson, Waterman, Williams, Wells, Clarke, the Crandall sisters, Clarence Dunn and others, during the evening, that added to the pleasure of the audience. The fruit booth, where luscious oranges, fat bananas and juicy lemons tempted the palate and emptied the pocket, was in charge of Misses Crockett and Spaulding, and Mrs. F. C. Dunn. The booth for the sale of fancy articles was the largest and handsomest. Here Mesdames J. P. Bullis, T. A. Saunders, M. W. Greene and Misses Grace Clarke and Nettie Coon were kept busy in disposing of the tempting array of ornamental and useful fancy things that the ladies delight in. The lunch counter was presided over by Mesdames T. I. Place, G. R. Boss, A. B. Lee, H. C. Saunders and Miss E. A. Steer, and the array of eatables displayed thereon delighted the epicures and caused hunger to disappear. The ice cream and lemonade booths were in charge of Mrs. E. D. Bliss and Miss Birdie Smith and Misses Bessie Clarke, Anna Jordan and Cora Clarke, and despite the coolness of the atmosphere, were well patronized. The net profits of the festival amounted to sixty dollars. The Milton Anti Horse Thief society will hold its regular meeting in G. A. R. hall, tomorrow June 7, at 2 o'clock p. m. Mrs. A. W. Baldwin, of Janesville, was a visitor in the village Thursday. The "Oros" and "Philos" had a match game of ball Friday and the former won by a score of 27 to 1. E. H. Burdick has an addition to his door yard display. Two Florida alligators now sport in his lily pond. Lite planted corn is in poor condition owing to the fact that the ground is covered with a hard crust which prevents its growth. Spring grain looks fine and other crops are in fair condition. John D. Pickett, of Chicago, spent Sunday with his wife at Dr. Crandall's. The pupils of Miss Crockett made her a surprise party Saturday evening and presented her with a souvenir spoon. J. B. Bennett shipped several car loads of hay and straw here last week. W. P. Clarke spent Sunday with the Whitewater "Fun Hunters" at Lake Koshkonong. It was 90 degrees above zero in the shade Sunday. The old sheds in the rear of the Seventh Day Baptist church, which have been an eye sore for many moons, have been demolished. D. J. Berkeley and W. P. Marquart started Monday for Green Bay to attend the meeting of the Grand Lodge I. O. O. F. as representatives of Du Lac lodge. Flower and ice cream social at the Seventh Day Baptist church tomorrow evening. Professors A. R. Crandall and L. Kumein will give addresses. D. F. Baker's team ran away Monday with a drag. One of the horses was injured. Mrs. J. W. Cutting is dangerously ill with lung trouble. Home grown strawberries from A. O. Gifford's beds are in the market this week.

MAGNOLIA CHILD HURT BY A FALL

LITTLE Eva Howard Badly Cut—Creamery Handles 7,000 Pounds of Milk.

MAGNOLIA, June 5.—Little Eva Howard fell down cellar last Thursday and cut her face quite badly. Dr. Smith Jr. of Evansville, was called and sewed up the wound. The creamery is on the boom, handling over 7,000 pounds of milk a day. Mr. Cole is doing the work, it makes him step around pretty lively. Charles Clifford and family of Evansville spent Saturday and Sunday with Mrs. Gillman's parents, Mr. and Mrs. C. C. Howard. There will be an ice cream social at C. C. Howard's on the evening of June 14th. Everybody invited. The Mite society will be held at Mrs. Gardner's next Thursday afternoon. Rev. Orrin Jenks, of Minneapolis, will preach in the advent church on the eve of June 12th. We wish to see a full house. Elder Hatch will attend the camp meeting at Arena and will be gone two weeks. There will be no preaching at the Advent church while he is gone. C. C. Howard has the boss cow of the town. She gives over sixty pounds of milk a day. He has another cow from which he has received \$71.43 in ten months which he thinks is hard to beat. The exercises at the Advent church on Memorial day passed off very pleasantly. Rev. Hatch gave a very good talk and then

the dead heroes graves were decorated with flags by the little boys and were strewn with flowers by the little girls. Several farmers delivered their tobacco to Albany last week. Some of our young men were seen riding in new carriages Sunday. Mr. and Mrs. James Harper spent Sunday here with friends. There will be a social under the auspices of the Loyal Workers held at the residence of Wallace Anderson, Friday evening, June 8. Refreshments consisting of strawberries and cake will be served. Everybody is invited to attend. Miss Jessie Silverthorn spent Sunday with her cousin, Miss Hattie Townsend.

SCARLET FEVER IN COOKSVILLE.

Two Cases Quarantined—One at Newkirk's and One at Benways.

COOKSVILLE, June 5.—There are two cases of scarlet fever in town, one at Charles Newkirk's and one at Grant Benway's. Both are quarantined. Mr. and Mrs. Charlie Brooks of Stoughton, made Mrs. Love a short visit last Thursday. Mrs. Caroline Hanson of Beloit, formerly of this place, made her many friends a visit last week. Mrs. Belle Stebbins is home from Evansville, where she has been under medical treatment for a few days. The races in Evansville Saturday took a goodly number from this place. Nels Anderson is building a barn and tobacco shed. There will be a social given by the Congregational society at Mr. Speer's June 13. Miss Jennie Allen is staying in Brooklyn at Mr. Edward Fellows. Chester Miller of Green county is visiting his mother. Mr. Rhoads of Stoughton brought a man over who decorated all the barns on the corners with show bills for the 14th. N. Slawson and wife of this vicinity and E. Graves and wife of Brooklyn went fishing at First lake. Wednesday with good success. M. H. Haynes and wife of Brooklyn attended church here Sunday. Several families attended the temperance lecture at Stoughton, given by Mr. Beauchamp and were very much pleased.

MEDAL FOR OFF-HAND SPEAKING

Ataney J. L. Mahoney's Offer a Suggestion One to High School Pupils.

A suggestive offer as well as a generous one is that made to high school pupils by J. L. Mahoney. Attorney Mahoney believes that young people should be encouraged to "think on their feet" and has given A. F. Hall & Co. an order for an elegant gold medal with diamond setting, to be given to the high school pupil who in public contest shall excel in extemporaneous speaking.

The contest will be held some time during the next fall term of school. It is expected that sub-contests will be held in each class to determine who shall appear in the public contest. This will afford a great number of pupils an opportunity to test their ability to talk sensibly and consecutively for three minutes on some topic given them just fifteen minutes before speaking. That Mr. Mahoney's medal will be the means of great good no one will doubt.

The medal will be worn by the winner of the contest for one year, or until won by someone else. Any pupil winning the medal for three consecutive years may retain it as his own.

It has been thought best at the public contest to include two other contests—one for declamation and one for oratory. The first and second year classes will contest in the first, and the third and fourth classes for the last.

WILL BUILD A PARISH HOUSE.

Will Build at Christ Church's Annual Meeting Last Evening.

The annual meeting of Christ church parish was held in the church last evening. Reports were read by the rector and treasurer and the church was shown to be in a remarkably good condition financially. The following officers were elected for the ensuing year.

Wardens—J. J. R. Pease Esq. and Dr. J. B. Whiting.

Vestrymen—Wm. Ruger, B. B. Eldredge, George K. Colling, F. F. Stevens, George H. Smith, R. M. Bostwick Jr., John V. Norcross and N. L. Carle.

It was decided to leave the matter of delegates to the annual council of the diocese to the rector to appoint.

The subject of building a parish house, which the vestry have had under consideration of late was referred to the parish meeting and a unanimous vote was cast in favor of building immediately. The newly elected vestry will accordingly meet this evening at the rectory at 7:15 to organize and to make arrangements for putting up the parish house.

TEACHERS NAMED FOR A NEW YEAR.

SUPERINTENDENT MAYNE AND
PROF. BUELL ENGAGED.

List of Instructors in the Various Wards—Summer School to be Held in This City, T. Thurston Blakely and E. R. Buckley Being in Charge.

Janesville will have a summer school for teachers. T. Thurston Blakely, of this city, a student of the state university, will be in charge. E. R. Buckley, also of the university will be with him. The school will open June 9 and close September 11. It is to be similar to other summer schools that have been held throughout the state during the past few years, for the purpose of assisting students in making up back work and also to aid those who desire to obtain a teacher's certificate or to secure one of a higher grade than that which they now hold as well as to assist those who desire merely to review some subject.

All the commissioners but Mout and Cunningham voted to give the use of the high school room for that purpose.

Superintendent Mayne was reengaged for the ensuing year at the same salary, and these teachers were named:

High School—H. C. Buell, vice principal; Carrie E. Zeininger, assistant; Clara L. Weyer, assistant; Carolyn Kimball, assistant; Emma Paulson, assistant; P. E. Johnson, assistant.

Washington School—Clara Ormsby, seventh grade, (principal); Lizzie Morris, sixth grade; Abbie Mead, fifth grade; Ida Hatherell, fourth grade; Grace Draper, third grade; Marie Sunkle, second grade; Helen Gateley, first grade.

Adams School—Gertrude Zeininger, sixth grade (principal); May Clark, fifth grade; Mary A. Poey, fourth grade; Mary Davies, third grade; May Henderson, first grade; Luella Hill, first grade.

Jefferson School—Lizzie Paterson, eighth grade; Edna Hill, seventh grade; Lulu Carpenter, sixth grade; Cora Clemons, fifth grade; Jennie Cody, fourth grade; Anna McNeil, third grade; Marion Spencer, second grade; Amy Bowles, first grade.

Webster School—Kate Nelson, fifth grade (principal); Sarah Hickey, third grade; Lizzie Murray, second grade; Kate Richardson, first grade.

Douglas School—Minnie Joyce, fourth grade (principal); Maud Fuller, second and third grades; Alice Rathem, first grade.

Lincoln School—Jennie Patterson, eighth grade; Bertha Sayles, seventh grade; Helen Welch, sixth grade (principal); Fanny Ryeckman, fourth grade; Lottie Rathem, second and third grades; Lizzie Harris, first grade.

Grant School—Grace Kirk, fifth and sixth grades (principal); Kate Conway, third and fourth grades; Alice Whiffin, first and second grades; Margaret Paterson, substitute teacher.

A FRIEND of ex-State Senator and ex-Congressman Frederick Lansing, who died recently in Watertown, N. Y., says of him: "A gallant soldier in the civil war, from one of whose battlefields he was carried away, as was supposed, wounded to death, he spent the last thirty years of his life in Watertown. He was a champion of the right from his earliest years, and his nobility of character was recognized by all who knew him."

A Disputed Case.

Many persons dispute the question as to whether or not baldness caused either by disease or neglect can be cured. In deciding the question allow us to say that most cases can be cured, while others can not. Only a specialist of years of experience can tell this. Professor Birkholz, the world-renowned German specialist of the Masonic Temple, Chicago, where those who desire a good head of hair or beard can consult him in private, and free of charge. After a thorough examination, which costs you nothing, we will tell you whether or not you may procure that trait of personal adornment so necessary to your existence, and if we find that the follicles are not all dead, we will treat you and guarantee the results or ask no pay. Call on or address Professor Birkholz, 1011 Masonic Temple, Chicago, Ill.

The Yellow Glow of the Horizon. Prolate on the sky by the setting sun, is beautiful. Not so the yellow glow of a face tinged with bile. And oh! the unspeakable discomfort that bile in the wrong place produces. Twinges in the right side and under the right shoulder blade, nausea, vertigo, sick headache, constipation, fully described. Not in an instant can the symptoms of biliousness be dispelled, but persistence in the use of Hostetter's Stomach Bitters will eradicate them, restore digestion and regularity of the bowels, and counteract tendencies to more aggravated complaints, which an interruption of these functions begets. Rheumatism, inactivity of the kidneys and bladder, neuralgia, and inability to sleep, are also remedied by the genial preventative and restorative of nerve force and tranquillity. As an antidote to the poison of malaria, it is unfailing and prompt. A wine-glassful three times a day.

The Statue Wept.

Last winter at one of the little hill-side shrines near San Remo, Italy, the madonna was observed to be weeping. This was not seen by one, but by many, as great crowds collected and watched the slowly dropping tears. The people were puzzled, bewildered, frightened. And so they called together the wisest men to find out the cause. After several days of deliberation and examination they announced the cause of the madonna's tears. There was a hole at the top of her head, the rain had entered and filled the cavity and, in time, worked its way through the eyes, the pupils of which presented the thinnest portion of marble to be worked through.

An Ancient If Convivial Tune.

Which is the oldest tune in the world? Most people would guess the Delphic hymn to Apollo, which was dug up the other day. But they would be wrong. It is the tune which is now wedded to the words, "We won't go home till morning." Napoleon's soldiers played it in the shadow of the pyramids in 1799, and the Bedouins who heard it wept for joy. It was found among the children of the desert by the crusaders.

MYSTERIES!

The Nervous System the Seat of Life and Mind. Recent Wonderful Discoveries.

No mystery has ever compared with that of human life. It has been the leading subject of professional research and study in all ages. But notwithstanding this fact it is not generally known that the seat of life is located in the upper part of the spinal cord, near the base of the brain, and so sensitive is this portion of the nervous system that even the prick of a needle will cause instant death.

Recent discoveries have demonstrated that all the organs of the body are under the control of the nerve centers, located in or near the base of the brain, and that when these are deranged the organs which they supply with nerve fluid are also deranged. When it is remembered that a serious injury to the spinal cord will cause paralysis of the body below the injured point, because the nerve force is prevented by the injury from reaching the paralyzed portion, it will be understood how the derangement of the nerve centers will cause the derangement of the various organs which they supply with nerve force.

Two-thirds of chronic diseases are due to the imperfect action of the nerve centers at the base of the brain, not from a derangement primarily originating in the organ itself. The great mistake of physicians in treating these diseases is that they treat the organ rather than the nerve centers which are the cause of the trouble.

Dr. FRANKLIN MILES, the celebrated specialist, has profoundly studied this subject for over 20 years, and has made many important discoveries in connection with it, chief among them being the facts contained in the above statement, and that the ordinary methods of treatment are wrong. All headache, dizziness, dullness, confusion, pressure, mania, melancholy, insanity, epilepsy, St. Vitus dance, etc., are nervous diseases no matter how caused. The wonderful success of Dr. Miles' Restorative Nervine is due to the fact that it is based on the foregoing principle.

Dr. MILES' RESTORATIVE NERVINE is sold by all druggists on a positive guarantee, or sent direct by DR. MILES MEDICAL CO., Elkhart, Ind., on receipt of price, \$1 per bottle, six bottles for \$5, express prepaid. Contains neither opiates nor dangerous drugs.

AN IMPORTANT DECISION.

The supreme court has just rendered a decision which has an important bearing upon the interstate commerce law, and may tend to give that curiously ineffective statute some positive force after all. One of the sections of the law, and the one upon which its enforcement chiefly depends authorizes the commission to demand books and papers and to compel the attendance of witnesses, and give any federal court jurisdiction when called upon to aid in carrying out its orders. When Secretary Gresham was on the bench he declared this section to be unconstitutional; and the supreme court, with only Justice Brewer dissenting, has reversed that decision. "An adjudication," says the court, "that congress could not establish an administrative body with authority to investigate the subject of interstate commerce, including the burdens impressed upon it by common carriers, and the necessity, in the interest of the public, of removing those burdens, with power to call witnesses before it and require the production of books documents and papers relating to the subject would go far toward defeating the object for which the people of the United States placed commerce among the states under national control."

BANK CLEARANCE FIGURES.

Bank clearances do not exhibit so much of a decline now, when compared with the figures of the corresponding time in the previous year, as they did a few months ago. This is partly due to the fact that the clearances began to fall off a year ago, so that the comparison is with a period of declining activity in most branches of business. Nevertheless, the shrinkage in the country at large is still considerable, having been twenty-one per cent last week. A few months hence, even if no improvement in general trade should set in in the interval, the comparison will be much more favorable than this, for about the lowest depth in the depression was reached last October and November.

SUGAR FOR CARLISLE.

Gray's investigating committee didn't put the sugar scandal in its grave worth a cent. There are several features still to be explained. For instance, Secretary Carlisle's denial of the specific charge that he visited the room of the senate finance committee to demand that the sugar interest be cared for in the tariff bill because of the democratic party's obligation to the sugar trust would be more satisfactory if he did not at the same time confess that he "put the sugar schedule into shape on a certain occasion, while conferring with the committee."

As it now stands the tariff bill admits fencing wire and cotton ties free of duty, and taxes the raw material of which they are made. This is substantially offering a bounty to our manufacturers if they will move to foreign parts.

When you read that certain Louisiana congressmen and senators are "converted" to the protective policy you know that they want a good stiff duty on sugar while they favor free trade for the interests of all the rest of the country.

The treasury gold is now down near the point at which it stood last January when the bond sale was announced. Another purchase of gold will undoubtedly have to be made within the next two or three weeks.

Three weeks more will end the senate's work on the tariff, but there is seven week's labor on appropriation bills after the tariff is disposed of.

Mr. Carlisle Enters Denials.

WASHINGTON, June 5.—It can be stated on the highest authority that the published statements that another

bond issue is in contemplation are absolutely without foundation. Mr. Carlisle, when questioned yesterday in regard to the matter, stated that the subject of another bond issue had not been mentioned in the cabinet and he had had no conferences with the President regarding it. It is believed by those whose opinions are of value that the question of another issue of bonds will not be considered until the cash balance and the gold reserve are much lower than they are at present.

AS VIEWED BY JERE MURPHY.

We don't believe that the income tax bill will pass the senate, because we can't think of anybody who will pay for it.

There are people who do not accept Boss Wall's employment as a lobbyist for the brewers as final proof of the love of the Wisconsin democracy for the Germans.

* * *

Clover isn't as plentiful as promised, but with the assistance of the sugar trust the democrats are giving the country a somewhat sweet-scented administration.

The average Chicagoan will not feel so proud over that city winning the wheat championship as soon as he learns that there are no jackpots in the game.

Without committing the State Journal to the Rev. Mr. Cave's theory that right is on the scaffold, we are bound to agree with him that wrong is on the throne easily enough.

* * *

The ridicule of a flag raising ceremony in an Oshkosh school by democratic organs is about as near to an endorsement of the Hawaiian incident as Grover and Blount can reasonably hope for in Wisconsin.

* * *

Things are not altogether hopeless for the immediate future. There's a possibility that the Kansas populists may encourage the Seventeen-year locusts to join the Sixty-Days Coxeyites in a petition to the Thirty-Year Congress for a law providing for biennial blossoms of the century plant.

The Manitowoc Pilot speaks of the "little roster scandal." Little! It contemplated a cold theft of about \$100,000 from the state treasury and was aided by the governor, the private secretary, the attorney general, the adjutant general, the state treasurer, and a state senator. Little! As our explosive friend Count Von Hriesen, the superintendent of public property, might say if asked for one of the soft coal lead pencils which he buys, "Ach, Gott! Is der no more any honesty!"—Madison Journal.

WRAPPED IN FLAMES A LITTLE BOY RAN.

JOHNNY GOODMAN'S FIERY
RACE TODAY.

Clothing All Ablaze As He Ran From the House Screaming for Help—Captain Norcross' Men Hurrying the Construction of the Electric Light Line.

WHEN little Johnny Goodman rushed from his home into South Franklin street this afternoon his clothes were all ablaze. He ran nearly a block from his home to a neighbors, where his clothes were cut and torn from his burned body. His little hands, face and body are terribly marked but it is thought he will recover. The boy is ten years old, a son of M. Goodman, the drayman, who lives at the foot of South Franklin street. The mother died some weeks ago. The little boy was at play in the house with some others and it is supposed they got hold of some matches. Medical aid was summoned and the little fellow was relieved as much as possible of the terrible burning pain.

COWAN MET DEATH HIGH IN THE AIR.

THROWN ONE HUNDRED FEET
BY A TRAIN.

Passenger Running a Mile a Minute Down the Grade From the Black Bridge Struck Him and Mangled His Body in Horrible Fashion—Joe Grogan Badly Hurt in Ridgefield.

C. J. Cowan's bloody body was picked up by the fire patrol ambulance this morning between 9 and 10 o'clock, half a mile north of St. Mary's avenue on the embankment of the Chicago, Milwaukee & St. Paul railway. The body was terribly mutilated, the head being nearly severed, arms and legs broken, bones of the body smashed and the flesh jammed and bruised in a terrible manner.

Cowan was struck by a locomotive and thrown quite one hundred feet. He was walking on the C. M. & St. P. track when a Northwestern freight passed out, having the switch engine at the rear end. The two engines were working hard to carry the heavy freight over the hill, and Cowan turned to watch them. The St. Paul passenger from Madison to Davis Junction, John Lewis engineer and Charles Slightam fireman, had just rounded the black bridge curve, when the man on the track was noticed fully a thousand feet ahead. The engineer sounded his whistle with full head, and supposing the man would step off, let the train come down the grade at the usual speed, which is said to be a mile a minute.

Thrown Higher Than the Smoke Stack. "I was at St. Mary's avenue," said Section Foreman Franklin Burras. "I heard Lewis whistle, and saw the man on the track. He appeared to be looking at the Northwestern train. Lewis kept whistling, but the man did not move to get off the track. An instant later I saw him in the air, way above the smoke stack of the engine. His arms and legs spread out. He fell on the south side of the engine, and then I hurried to the spot. I measured the distance from the point where I found the first blood to the place where the body lay, and it was just ninety feet."

Chief of Police Acheson took possession of the body, and papers found in the pockets showed him to be C. J. Cowan. The body was brought to the city by the fire patrol ambulance, and it was placed in F. D. Kimball's undertaking establishment.

Inquest Will Be Held Tomorrow.

Justice M. P. Richardson issued a venire for a coroner's jury and Chief Acheson summoned David Davies, J. B. Green, W. B. Baines, Charles Viney, Marshall Carter, and John Lynch as jurors. After viewing the remains the inquest was adjourned until tomorrow morning in order that Engineer Lewis and Fireman Slightam might be present and testify.

Very little is known in the city about C. J. Cowan. He formerly resided at Indian Ford and at Edgerton. He has a brother, George Cowan, on Ruger avenue.

Cowan resided last winter with the family of William Cox, in the town of Fulton. He has a son residing in Chicago. His wife died some years ago. He was about seventy years of age.

Fell From a Caboose.

Joe Grogan, of this city, fell from the top of a freight car at Ridgefield, Ill., about 9 o'clock last night and was placed in a caboose and brought to this city. He was taken to the home of his mother, Mrs. Catherine Grogan, 301 South Academy street, where the company surgeon, Dr. W. H. Palmer, attended him. Although no bones were broken the young man was badly bruised about the back and shoulders. Mrs. Grogan is lying at the point of death and her son was coming from Chicago to visit her when the accident occurred.

LEFT ONE WIFE FOR ANOTHER.

McGuire a Masher Who Made His Fascinations Count For Cash.

Jack McGuire's fair Kansas victim is Miss Luitia Jones, a young lady of Topeka, whose affections McGuire won while staying for a time in that city, and whom he induced to go with him to Kansas City on the promise, she says, of being married there. Whether such a ceremony was really performed does not appear, but if so, it only adds to McGuire's offense, as he already had at least one wife in Montford, and report credits him with two or three more at other places. Miss Jones had about \$400 in cold cash, which she took with her to Kansas City. This was about the 1st of May. They spent several seemingly happy days together. One day, however, McGuire went down town of an errand and failed to return at the expected time. When a day passed without his putting in an appearance his expectant wife began to think something was wrong. When she looked for her money and found that was also missing her impression grew to a certainty. She had enough to take her back to Topeka, when she placed her case in the hands of the officers. McGuire was traced to his former home in Montford, near Madison, and an officer, armed with necessary papers, followed in pursuit.

On arriving Officer Gross learned that McGuire's household goods were at the Madison depot. He did not stop in at the city, however. He and his Montford wife went through Madison en route to Janesville, where they intended to make their future home. This was learned after the train left for Janesville Saturday evening, and

word was telephoned by Marshal Acheson, at Janesville, who was at the depot when the train came in and arrested McGuire as he stepped onto the platform. Officer Gross followed Sunday morning, and took his prisoner back to Kansas for trial.

HOT RACE FOR THE PIANO.

A Little Over Three Weeks Left For Piling Up Ballots.

Young ladies may not be considered great fighters, but armed with the ballots which have been printed daily in The Gazette, they have waged a merry war for the possession of the handsome Shaw Upright piano. The ballots and the premiums allowed for new subscribers are to decide who is the most popular among their number, and the followers of each one entered in the contest have faithfully endeavored to place the name of their leader in the first rank.

Interest has been stimulated by the sight of the handsome instrument in S. C. Burnham & Co.'s window. Now that the last month of the contest has come competition is fierce. A surprising rally is being made by out of town candidates. Some of the young ladies in adjoining townships are making things very interesting for the local contestants.

MINSTRELS WILL BE HERE FRIDAY

Al. G. Field's Aggregation Is Heading Toward the Bower City

The Al. G. Field minstrels will appear at the Myers opera house on Friday, June 8. The new first part, "The Bivouac," is said to be one of the most beautiful and gorgeous settings ever seen on the stage. Special attention has been paid to the choral portion of the entertainment, and the singing of good old fashioned negro melodies is one of the features of the performance. The comedy element consists of Al. G. Field, E. M. Hall, Tommy Donnelly and Fred Russell. There will be an imposing street parade at 12:30 on the day of the performance.

DR. E. H. DUDLEY'S SILVER WEDDING

Merry Time at the First Ward Home Last Evening.

There could have been no more joy when Dr. and Mrs. E. H. Dudley were wed than when they celebrated the twenty-fifth anniversary of that wedding last evening. Fully one hundred guests gathered at their home, 125 Washington street and the evening was spent in social intercourse and partaking of the feast of good things that had been abundantly provided for the satisfaction of the inner man. Handsome gifts told host and hostess of the regard of friends here, and in other cities.

MAXCY BUILDS THE NEW MAIN.

Superintendent of the Water Company Gets the Contract for an Extension.

G. W. Maxcy, of Oshkosh, has been awarded the contract to furnish and lay a six-inch water main from the lower cotton mill to the School for the Blind, the contract price being considerably below \$3,000. It is understood the pipe will be laid at once. The contract was awarded by the state board of supervision at their meeting in Madison last week.

MAHAFFEY IS FREE SAYS THE JURY.

NOBODY SHOT AT MURDERER
MATT BITSON.

If a Shot Was Fired Bitson Must Have Done It Himself For Everybody in Clinton Had the Kindest Feelings Toward Him—Shaffer Case on Trial.

It required only one hour and fifteen minutes for the circuit court to acquit Jack Mahaffey of the charge of assault with intent to kill. The case was given to the jury at 11:15 o'clock this morning and at 12:30 in the afternoon they arrived at a verdict of acquittal, and returned their verdict at 2 o'clock when the court convened. Mahaffey was thereupon discharged.

Clintonites then retired from the court room, and their places were quickly occupied by people of Orfordville, the case of the state against Ellen J. Shafer, charged with selling liquor without license, being called. Smith & Pierce are for the defendant and District Attorney Wheeler is prosecuting. A large number of witnesses on both sides are to be sworn, and the case will occupy the court for the day.

The state against Patrick Mulcairns and Louis O'Rourke charged with larceny from the person, is the next on the calendar. George Trinwith is the complaining witness in this case, he charging the defendants with holding him up and taking his watch.

ROTTEN EGGS HIT HIS HOUSE.

Fred Boss Says His Residence Was Made an Odorous Backstop.

Fred Boss, of Plymouth, does not like to have his house used as a back stop for boys in throwing rotten eggs, stones and other missiles. George Haight, Jr., John Haight, Jr., John Haight, William Haight, Hurley Haight, Fred Walters, William Butler, Charles Damerow were in the habit of thus using the Boss home, he says, and this morning they were brought to this city and taken before Judge Phelps in the municipal court. Confronting them was the charge of maliciously injuring and mutilating the dwelling of William Ehringer, occupied by Boss. The boys all pleaded not guilty, and the trial was adjourned until June 12, at 10 o'clock a. m.

Land for Sale.

I twenty-two-hundred acres of good and low-priced land for sale in northeastern South Dakota. This land is located in Deuel county, 25 miles south-east of Watertown, only six miles from the Minnesota line and six miles from Clear Lake, the county seat, in the town of Norden, on the Burlington, Cedar Rapids & Northern R. R. One section lies within a quarter of a mile of Brandt station and all of section 9, 15, 17, and south half of 7 within two miles. North half of section 7 sold for \$12 per acre last year. This land is as good as any in Rock Prairie and lays to the county seat as Rock Prairie does to Janesville. There is running water on two sections and good well water within fifty feet of the surface. The country is well settled. Two school houses are on the land.

PRaise the Shaw FOR MANY MERITS.

FAMOUS PIANISTS PRAISE THE GAZETTE PRIZE.

Everybody Who Has Examined the Instrument at S. C. Burnham & Co's Says the Things Said in Its Favor Were Justified—Conditions of the Contest.

What is thought of the Shaw piano by pianists, vocalists and teachers. This is not hard to find out.

When The Gazette chose an instrument it picked out the best to be had. The girl who wins this instrument may well rejoice. Here are a few statements published in St. Paul papers by those who have used the Shaw:

Oscar L. Lienau, tenor singer and teacher of the voice writes:

ST. PAUL, MINN., AUG. 2, 1892. GENTLEMEN: I am extremely pleased with the Shaw Piano, which I purchased of you. I have used it for some months and consider it a superior instrument. Its clear fall tone and elastic touch is a delight not only to myself, but to my many friends, its sweet singing quality being especially noticeable, and I shall be pleased to recommend it to my pupils, etc. I am, yours respectfully, OSCAR L. LIENAU.

Frederick Leavitt, the expert piano tuner:

ST. PAUL, MINN., MAY 1, 1892. GENTLEMEN: As compared with other first class instruments, the Shaw piano has the charming characteristics of each—all in one. Not a break in the scale. No rattling in the action. Never harsh nor metallic in tone. Stays in tune. Such is my admiration for the piano that I would not trade, "even up" for any upright made. My own Shaw has not required any attention during the past year and is in almost perfect tune now. Yours respectfully, FRED. LEAVITT.

Professor William Manner, organist at the Cathedral and leader of the German Männerchor Singing society says:

ST. PAUL, MINN., MAY 6, 1892. I admire the Shaw Piano very much. Its construction is most excellent, the tone is round, rich and mellow, and altogether I consider them one of the very best pianos made today in this country. I can cheerfully recommend them. Respectfully yours, W. MANNER.

Those who wish to learn for themselves the quality of piano offered by the Gazette are urged to visit S. C. Burnham & Co's store. Several patterns of the Shaw are there shown. These instruments rank in the markets of the country just as Chickering's, Steinways and Knabes, the four occupying first place. Everybody who has seen the Gazette piano is enthusiastic in its praise. It has a pure ringing tone, and its action is very fine. These qualities are what would be expected of a Shaw piano and The Gazette made no mistake in choosing that instrument.

Friends of contestants show a lively interest in the success of their favorites and votes are coming in rapidly. New subscribers should be reported as fast as secured, but coupons should be tied in bundles of one hundred each and kept until the day the competition closes. Votes have been cast up to date, for the following candidates:

Ainslie Tina.
Baker, Bessie
Ealdwin, L. M.
Campbell, Nellie Ruth
Clifford, Alice M.
Eldredge, Rose B.
Ennis, Mary
Frank, May
Foster, Lahlie
Gifford, Alice V.
Gibbs, Maria J.
Holt, Ellen
Hugett, Miss Olive.
Hayward, Minnie
Kenyon, Cora
Kastner, Alice
Loucks, Franc
McCarthy, Maggie
Nichols, Ida
Peters, Nellie
Pense, Bessie K.
Randall, Carrie M.
Wright, Ada V.

Names of other candidates will be added as fast as votes are received. Only bona fide candidates will be allowed. The rule that nobody is permitted to enter merely to represent an organized society will be strictly enforced.

From now until the contest closes a coupon will be printed in each issue of the Gazette.

1. Any one, anywhere in any state is entitled to vote as often as they buy a copy of The Janesville Gazette containing the above ballot.

2. Cut the ballot out (trimming on the dotted lines) Write in the name of your candidate and enclose same in an envelope addressed to Bailot Editor, Gazette, Janesville, Wis.

3. Only one person can be voted for on one ballot.

4. The lady who receives the largest number of votes will receive as good and beautiful a piano as the Shaw Piano Company can make.

5. The contest will close June 30, 1894. Piano will be delivered as soon as the counting of votes is completed.

6. Any person who will bring The Gazette one new subscriber paid in advance will be entitled to the following number of ballots:

New subscriber paid in advance one month, 100 votes.

New subscriber paid in advance two months, 250 votes.

New subscriber paid in advance six months, 900 votes.

New subscriber paid in advance one year, 2,000 votes.

Each new subscriber who pays in advance and casts the number of votes specified is also entitled, of course, to cut coupons from the paper from day to day and vote in the regular manner.

No person will be allowed extra votes for stopping his paper and hav-

ing it sent to another name at the same address.

In every instance they must be bona fide new subscribers.

We will be square with you, you must be square with us. No person will be allowed to stop his paper or Monday and start it again Tuesday and claim the premium offered.

The polls will close at 9:00 p. m., June 30, but votes handed in before this will be duly credited. The contest will be conducted strictly "on the square." No partiality or unfair advantage will be taken or allowed in any case.

HARPER'S HISTORY OF THE WAR

Harper's Pictorial History is universally recognized as the best history of the war yet published. This superb work has never been sold for less than \$16 to \$30. It has been sold only by subscription and but a very few men have been able to buy it.

The pages are the same size as Harper's Weekly and the work contains all the illustrations appearing in that great paper during the war. The work was edited by Richard Grant White and Henry M. Alden and is authentic, complete and reliable.

We have made arrangements whereby we can furnish Gazette subscribers with this splendid history of twenty-six parts at ten cents a part. These twenty-six parts will contain over one thousand war pictures and will make two handsome volumes when bound.

Many official documents of priceless historic value are quoted in full in the copious foot notes, such for instance as Lincoln's inauguration speeches, articles of federation of the early states, constitution of the United States, ordinances of secession, and many important papers, speeches, etc. The war story is consecutive and very fascinating. The introductory chapters, leading up to the struggle, and the chapter on the reconstruction period, are by some of the first writers of the age.

A Cute Catch.

"Do you approve of consolidation, Mabel?" said the blase New York youth, as he sat on the sofa beside the blushing but "fly" Brooklyn maiden.

"Well, that's a very odd way of putting it, Mr. Overthebridge," lisped the coy damsel, "but you may ask papa."—Brooklyn Eagle.

A Tearful Mite.

Mother—What have you done to your little sister?

Joy—Nothin'.

"Then what is she crying for?"

"I dunno. Guess she's cryin' because she can't think of anything to cry for."—Good News.

Knew Her Hubby.

Miss Alice—Why don't you want your husband to teach me singing? Don't you trust him?

Mrs. Potter—Not in that line. I was his pupil myself before I married him.

Easy Enough.

Said so—I isn't the least bit of trouble to find a woman's pocket, when you know how.

Herds—I suppose not, after you get your hand in, so to speak.—N. Y. World.

SPECTACULAR ITEM.

"Mistah Jones, what makes you look at me datter way dis mawning?"

"I've missed some of my cigarettes, and I believe you are the 'Black Crook.'"—Texas Siftings.

Her Fears Quelled.

Fair Daughter—Oh, papa, papa! don't stand on that chair. I'm so afraid you'll fall and hurt yourself.

Father—I am not going to take down that dried-up bit of mistletoe. I am only going to fix the chandelier.—Good News.

The Reason.

"What are you crying for, Tommy?"

"Because my brothers have a holiday and I haven't."

"But why haven't you a holiday, too?"

"Because I'm not old enough to go to school."—N. Y. Recorder.

Her Idea of It.

"Oh, ma," said little Elsie, as the early spring bicyclist sped by on his pneumatic-tire wheel.

"What is it, dear?" said her mother.

"Look at the bicycle with its winter rubbers on."—Chicago Record.

Drawing a Distinction.

Miss Sharpe—I celebrate my twenty-fourth birthday to-morrow.

Miss Oldage—Indeed! And isn't it singular? Sodo!

Miss Sharpe—Oh, but I celebrate mine for the first time.—Vogue.

Why He Scolded.

The Wife—How did you dare, sir, to scold me before Mrs. Brown?

The Husband—Well, you know, Maria, I daren't scold you when we are by ourselves.—Kate Field's Washington.

A Betrayal.

"I'll never invite an editor to my house again," said the young author.

"I had Bluepencil up over Sunday, and my boy brought out the maulage pot and said: 'Dat's what my papa writes storvies wid.'"—Harper's Bazar.

Children Cry for

Pitcher's Castoria.

A Rare Chance.

Mother—Yes, my dear. I know that he is very much older than you are. He is one of the old-fashioned gentlemen, the only one of the old stock left unmarried, and I advise you to take him.

Daughter—But why? He is not even rich.

Mother—Wealth does not bring happiness, my daughter. Like his father before him he will do his own marketing, and if the steak is tough you can growl at him instead of he at you.—N. Y. Weekly.

Enough to Throw Away.

Dora—Come over and join our Never-Marry club.

Clara—Do we have to promise never to marry?

"No, not exactly; but if you ever do marry you will be expelled from the club and lose your initiation fee."

"How much is the fee?"

"One dollar."

"Hum! If they will let me in for ten cents I'll join."—N. Y. Weekly.

They Do Need Protection.

Gus De Smith—Thank heaven there is one American product that does not need protection. I refer to the American young lady. She can protect herself.

Judge Peterby—Judging by the experiences of those who marry foreign noblemen, I should say there were exceptions to the rule.—Alex Sweet, in Texas Siftings.

A Suggestion.

I see that some of these great piano players have dumb instruments to practice on. It seems to me a first-rate scheme," said Hicks.

"Yes; I wonder they don't carry the idea further, and make dumb music-boxes and silent hand organs," observed Wilkins.—Harper's Bazar.

WOMEN WHO SUFFER

pain each month, can find relief and cure in Dr. Pierce's Favorite Prescription. It regulates and restores the monthly function, braces up the exhausted, run-down, overworked and delicate; allays and banishes all Nervous Weakness, Spasms, Hysteria, Fits, Chorea, or St. Vitus's Dance; cures Weakness, Bearing Down Sensations, and kindred maladies.

For those about to become mothers, it is a priceless boon, for it lessens the pain and perils of childbirth, shortens "labor" and the period of confinement, and promotes the secretion of an abundance of nourishment for the child.

THOMAS THIRLWELL, of Robertsdale, Pa., says: "I cannot sufficiently express to you my gratitude for the benefit your 'Favorite Prescription' has conferred upon my daughter. Of late she has suffered no pain whatever. It is simply marvelous."

Hooping Up

we sell at half a dollar.

TOO MUCH WIND

Is being wasted by our competitors, who lead in everything (Fairy tales not excepted) as to the immense amount of business that they are doing—on paper mostly—by selling their wares less than cost.

Merchandise that must be sold for less than the cost to manufacture must be exceeding poor or of such an antique date that any price is gain.

We do not have that kind of goods in our place. We are making up many suits—bury all of the time and making some profit—the reason is that our customers get honest value for their money—any who have ever dealt with us can verify the above.

IN HATS

We always were in advance in new things—selling so many keeps our stock bright and clean. If we would let the old timers accumulate we would gladly take 50 cents on the dollar for them. Our new straws are in and are charming. Some beauties at 50 cents. One price to all and everything marked in plain English figures. Yours, Etc.

HANG UP YOUR HAMMOCK.

How to Make It Pretty and What to Wear In It.

Have you hung out your hammock? A hammock, a novel and a negligee gown are justifiable indulgences when warm weather sets in. With plenty of cushions and a story over which one may fall asleep—a volume of sermons might answer the purpose better, by the way, although such literature is not usually recommended as restful summer reading—a hammock is an ideal lounging place on hot days. If lying still and reading or dreaming becomes monotonous, by swinging a few minutes a sufficiently respectable amount of seasickness may be produced to let one fancy that one is enjoying the delights of a yachting excursion.

For several seasons it has been the fashion to make one's own hammock, and the materials for these wonderful webs have been offered as regular summer goods in

NEGLIGEE GOWN.

the shops, large hanks of twisted silken cord and big netting needles to carry it. Fanciful cotton hammocks, too, are displayed ready made in various brilliant hues, decorated with fringe and valance like the housings of a knight's horse in the days of chivalry. Finally there are the common manilla nets in red, yellow and black, and they are the most serviceable of the three, although the least expensive and the least ornamental.

As for cushions, plush and silk are better for the drawing room than for the veranda. Blue and brown denim embroidered with white, green and gray linen and plain scarlet ticking will make as pretty covers for a set of out of door cushions as can be desired—covers that will go through rough usage and be none the worse for it.

Cool gowns go with the hammock, of course—something made of pongee or linen lawn or some other thin stuff. The sheer tropical fabric called pina would be exactly the thing, but that is not so easily obtained as swiss or silk muslin.

A sketch is given of a negligee gown of mauve mousseline de soie. It is shirred in at the waist to fit the figure, and the bottom of the skirt is trimmed with a flounce headed by a puffing. A wide double bertha covers the shoulders. Violet velvet ribbon is arranged in a choux with long ends at the left side of the corsage. A violet velvet collar surrounds the neck, and the elbow sleeves are trimmed with the same color.

JUDIC CHOLLET.

JUST LIKE A MAN'S.

They Are Even Selling Women's Vests Ready Made This Year.

The delights of shopping are beginning to be tempered by heat of the streets and the closeness of the stores. Already there is a perceptible falling off of attendance in the dry goods temples, and that in spite of the bargains advertised and spread out to induce custom. There are a great many genuine bargains among the articles shown, for all goods are being sold at unusually low prices this season, and a complete outfit from head to foot may be obtained at a moderate expenditure by a woman who knows where and how to buy.

A new departure is the selling of ready made vests for women. They have come into fashion within a year, being produced to fill the hiatus in the front of the open blazer. They are made in every respect like a man's waistcoat, except that they are sometimes double breasted, and they come

SHORT BLACK CAPE.

in all colors and materials, scarlet cloth being especially favored this season. A stiff shirt bosom and collar, with a man's tie, are usually worn with them.

A large number of pretty, duffy things for the neck have appeared lately, lace, chiffon, ribbons, gimp and all sorts of trimming being employed in their manufacture. These trifles are a dangerous indulgence for a short necked woman, but they do good service in softening the lines of a long neck. There is no end to the variety of styles shown in this kind of goods, for most of them are imported, and the Parisian mind has particular ingenuity in the invention of decorative adjuncts to the toilet. A number of them are made with a high standing collar, which is rather burdensome in warm weather, but this fashion is not invariable.

A very pretty yoke was seen made of gathered black chiffon and bordered with a full double ruffle of the same. A sketch is given of a more elaborate arrangement, the foundation of which is a yoke of black moire trimmed with jet. It is surrounded with wide flounces of chantilly lace and fastens in front under a large lace bow with very long ends. This makes a pretty addition to a plain black costume.

JUDIC CHOLLET.

ROYALTY AT OUTS.

Peculiar Relations Between the Austrian and Italian Courts.

Indications of the peculiar relations existing between the courts of Vienna and Rome were manifested lately when Emperor Francis Joseph was permitted to cross over into Italian territory without any of the customary forms of courtesy and attention being paid him by the Italian authorities. This neglect by the Italians was made all the more pointed, seeing that King Humbert was at that moment at Venice preparing to receive the visit of Emperor William, which followed immediately after the departure of the Austrian monarch, who, a second time passed several hours traveling through the northern portion of Italy on his way back to his capital.

The strained relations which led to this lack of courtesy on the part of King Humbert are due to the persistent refusal of the emperor and empress to return at Rome the state visit which King Humbert and Queen Marguerite were persuaded by their ministers to pay to the court of Vienna just ten years ago. The visit ought to have been returned within, at the latest, twelve months, and the emperor's hesitation and delay in the matter are attributable to the complications which would arise in connection with the vatican, since the pontiff absolutely refuses to receive at the vatican any Catholic sovereign who has not first paid his respects to the head of the church before holding any intercourse with the quirinal.

King Humbert, of course, insists that the first visit should be to the quirinal, and this renders the stay of Catholic royalties in the Eternal City a source of endless complications and awkward contretemps.

To make matters worse, Empress Elizabeth, since the death of her son, has visited Rome incognito, and has been received by the pope without paying the slightest attention to the quirinal, and it was after this that she was permitted to make a stay at Venice without receiving any attention from the Italian authorities, being even forced to take her turn with the ordinary tourists when she visited the royal palace in which she had dwelt as its mistress, prior to the forced surrender of Venice to Italy by Austria.

FLIRTING.

It Broke Up the School and Led to a Damage Suit.

A pupil at a "provincial school for young ladies" in England had for some time so distinguished herself by her flirting propensities that the institution rapidly emptied. On one occasion, while the girls were out for a walk, she kissed her hand to a good-looking clerk, and when her companions remonstrated she gayly retorted: "It's my young man, mademoiselles. As the boys were made for the girls it's only natural."

This speech was duly reported to the pupils' mamma, who, in horror, lost no time in removing them from such contaminating company, much to the dismay of the schoolmistress, who, estimating her losses at the goodly sum of £200, took action against the father of the flirty damsel for the recovery of the money. She has, however, lost her case. It was shown, in the first place, that she had at regular intervals dispatched glowing accounts of the damsel's conduct to her fond parents, and then it was demonstrated with equal clearness that she had not only been all the time aware of a certain clandestine correspondence with a young man, but had permitted the heroine of this adventure to make frequent expeditions with her own niece. So the court found that if the schoolmistress had suffered it was through her own fault. The institution is now closed and a "to let" notice is posted up by the landlord.

THE GERMAN STOVE.

It Is a Big Affair, But Gives Great Warmth at Small Cost.

Among the foreign articles of interest at the World's fair none attracted more attention than the German stove. It was not recognized by the general visitor as a stove, however, and it was amusing to hear the guesses as to what it was. It was constructed entirely of white tiles, and reached from the floor almost to the ceiling, perfectly straight and plain, with no opening except a small brass door at the bottom. In this opening the fire is kindled with wood and pieces of something black, called presskohle, are laid upon it. These pieces are about six inches long and one inch thick.

The brass door is left open, leaving a little door inside with a grate in it closed until the presskohle is thoroughly kindled and begins to crumble a little, then the whole thing is closed up and left for the rest of the day. The stove gradually becomes hotter and hotter and gives out a good heat. This fire is a curious thing. If you open the door and look in it seems to be entirely out, not a spark being visible. It looks like a mere heap of ashes, but the fire is there just the same, and goes on heating all day. The cost of fuel is almost nothing, being about \$2.25 per 1,000, which makes the fire for one day amount to a little over one cent.

Substantial Gratitude.

Colonel A. M. Benson of Boston revisited Marion, N. C., a few days ago, where he had not been before since 1864, when he escaped from the rebel prison at Columbia. He was hidden in a barn and fed for a week by a negro named Mark. On his recent visit Colonel Benson hunted up his former preserver, spent a few hours pleasantly with him and left him \$100 as a souvenir of his visit.

To Attack a Big Railroad Bridge.

ASHLAND, Ky., June 5.—Ohio strikers, estimated at from 1,000 to 2,000, are expected down from the Wellston district to blow up the Norfolk & Western railway bridge. The railroad has about 100 guards stationed at the Ohio river bridge alone, all armed with Winchesters, while the military companies are held in readiness for orders if needed. The men will be given a warm reception. The feeling against the railroad is bitter, as the miners consider that on the action of the Norfolk & Western and the Chesapeake & Ohio railroads in hauling coal hinges the result of the strike. It is reported that an unauthorized committee of 700 has started for the West Virginia coal fields.

A Carnivorous Water Plant.

That strange water-weed, the bladder-wort is carnivorous, like some of those sinister tropical plants which seek what meat they may devour. The tiny bladders attached to the leaves and leaf-stalks are each furnished with a door, the whole acting on the eel-trap principle. Any small water creature that ventures to peep in is seized in the clutches of the murderous plant, and straightway is swallowed and assimilated.
